PROTECT OUR COMMUNITY

“Enough is enough: It is long past due for us to put questions about the quality of our drinking water behind us.

There is NO excuse for not providing clean water to our residents.

I am committed to not only cleaning our water, but also holding responsible those who poisoned it.”

tideeturnersnc We believe without a shadow of a doubt that Commissioner Dane Scalise @danescalise will continue to protect us.

His steadfast resolve to make sure our community enjoys clean water and that polluters are held accountable is just one way.

Stand with us to elect Commissioner Scalise to the New Hanover County Commission. He has earned the right to continue to serve.

 **shalomiehomieofficial** The Lord is working overtime! ♡

We have to get past the 'covid fatigue' and get back to American exceptionalism! We need to recognize that there is hope for the future! That Christ is King and He's coming soon to set things right.. but that we, in the meantime, need to do what we can to transform the world around us!

Michael Douglas was just echoing my talking points about 'tikkun olam'.. stoicism is being the very best person you can in every moment of your existence. Tikkun olam is the restoration of the world.. Holy Spirit filled men and women, allowing God to work through us to fix this broken world..

Don't you want to join us? Doesn't that seem like a noble cause?

You surely should, for it truly is! <3 I love you! :)
